

NEO+

DIGITAL COFFEE EXPERIENCE

Neo+ brings you the best of the coffee shop and Coffee to go experience for you, your customers and your colleagues. Its innovative, sleek and perfectly proportioned design provides a stunning look and feel that will enhance any environment.

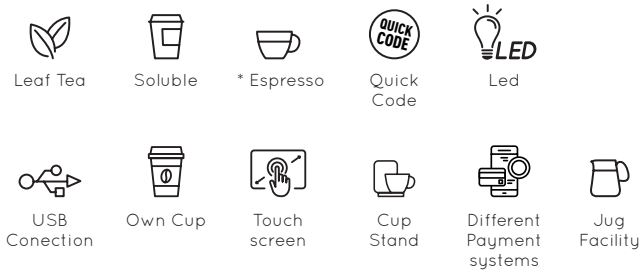

The dynamic and intuitive touch screen interface enhances the user experience and eases the task of the operator. The graphics and illumination will engage the user as well as guiding them to the ultimate intelligent beverage experience.

Espresso and Fresh Leaf Tea

Best of both worlds, with a true Italian style espresso-based range of coffees fresh from the bean, as well as tea brewed from fresh leaves.

Single Fresh Brew Tea

Offering a complete coffee shop menu with fresh leaf tea.

* Only for Espresso and Fresh Brew Tea model

ECO-FRIENDLY

Our solutions are manufactured according to the eco-friendly and social responsibility principles, we improve organizations sustainability results by effectively reducing the amounts of waste currently produced by hot and cold* beverage consumption.

The **Energy I-Detect cup sensor** or our **paperless brewing system**, allow us to minimize our ecological footprint on the planet, **reducing plastic and paper usage**.

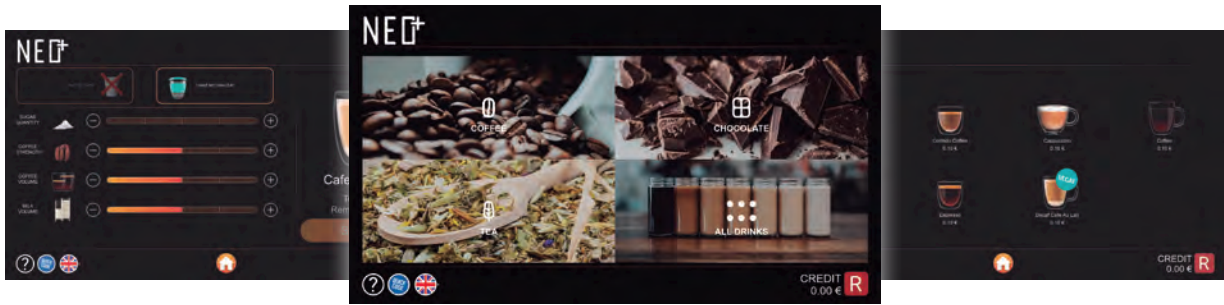

We incorporate the most advanced **energy-saving mode**, saving up to **30% in energy consumption**.

Moreover, we design with a strong commitment to achieving the goal of **90% of the Neo is recyclable at the end of life**.

INTERACTIVE TOUCH SCREEN

The interactive and intuitive touch screen has been developed with the Neo+ user in mind; consumers (end users) and operators. Neo screen provides in all cases an attractive, coherent and frictionless human-machine for an outstanding experience and easy operation.

USER EXPERIENCE

The screen is designed to maximise the coffee experience, guiding the user through a visual and self-explanatory interface, whilst providing the means necessary to promote to and captivate the consumer.

UNIQUE AND SOPHISTICATED DESIGN

EFFORTLESS SELECTION

QUICK CODE AND MULTILANGUAGE OPTIONS

ALLERGEN INFORMATION AND OPERATOR CONTACT DETAILS

A MYRIAD OF PAYMENT OPTIONS

Multimedia Screen Option

The 21.5in multimedia screen is a simple solution to capture the attention of the impulse buyer, advertiser or message giver. Engage and inform your customers. The display is updated in a snap.

Attractive LED features

Our lighting enhancement blends perfectly with your building design and acts as an inviting focal point. The consumer experience is further enhanced with a large open serving area and LED backlight option.

Different Payment Solutions

Neo+ is equipped to support various payment technologies including coins and cashless (credit card, wave and pay, Apple Pay ...).

OPERATIONS FRIENDLY

With the operator in mind the Neo+ is simple and easy to use. The new operator back office solution was designed to be just that. You can personalise your solution to adapt to all environments, access quick and convenient set up options. Making your cleaning and maintenance routines more efficient.

EASY CLEANING AND MAINTENANCE

QUICK AND SIMPLE SELECTION PANEL CONFIGURATION

DATA ANALYSIS TO BOOST SALES

QUICK MACHINE SETUP

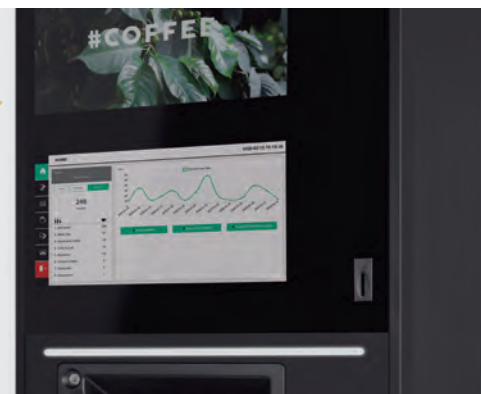

CUSTOMIZE RECIPES TO YOUR CUSTOMERS' LIKES

Interactive and friendly backoffice operation

Assisting your operational process; cleaning, programming, recipe configurations, prices...

Use your own cup

Our I-Detect allows you to place your own cup which will automatically be detected. Prepared to dispense different cup types, plastic, paper and even 12oz take away style paper cups.

Easy to clean and maintain

Simple design and handling for maximum cleanliness. It is easy to care for and maintain which leads to more operational uptime.

PRESTIGE - COFFEE CULTURE

In the modern workspace free standing coffee machines are used to enhance the Employee Value Proposition. These solutions help to create a pleasant break-out area to relax and share ideas. Promoting teamwork and increasing workforce engagement.

Neo+ is also ideal for public or high traffic areas where a quick, quality, 24/7, alternative to the current drink offer is required.

All in all, if you want to create informal coffee environments, Neo+ offers a seamless ultimate interactive experience. Ideal for offices, retail areas, healthcare or universities with more than 250 servings per day, where service reliability and ample offering is crucial.
